- Anti-static
- Comfort all-day-long
- Available in size S, M, L, XL

PVC HEAVY DUTY APRON

- Heavy-duty protection
- Ideal for plating industry, puncture resistance with acid and caustic protection
- Made with overlapped and sewn edges, with reinforced, heat-sealed vinyl grommets and bib
- Adjustable with long cotton ties
- Size: 2' x 3' or 2' x 4'

TOPSAFE® N95 MASK

F710 Respirator

- American standard, Niosh certificate N95
- Low breathing resistant for increase comfort
- Long duration
- Highly efficient filtering media

F710C Respirator + Charcoal

- American standard, Niosh certificate N95
- Low breathing resistant for increase comfort
- Long duration
- Highly efficient filtering media

F710/V Respirator with Valve

- American standard, Niosh certificate N95
- Low breathing resistant for increase comfort
- Long duration
- Highly efficient filtering media

F710C/V Respirator with Valve + Charcoal

- American standard, Niosh certificate N95
- Low breathing resistant for increase comfort
- Long duration
- Highly efficient filtering media

F810i Respirator

- American standard, Niosh certificate N95
- Exhale valve reduces hot air built-up keeping workers cooler and more comfortable
- Long duration
- Highly efficient filtering media
- Adjustable strap to fit most faces, Asian Fit
- Interchangeable filter for cost saving (1 box = 20 mask + 1 mesh)
- Plastic mesh shell resists collapsing from heat and humidity

Against particulate aerosols free of oil suggested applications: dusty environment, i.e. grinding, sanding, sweeping, bagging, stone quarrying, metal machining, cement, underground mining, polishing, buffing, lime, poultry and textiles. Hot, humid and dusty environment such as welding, soldering and brazing.

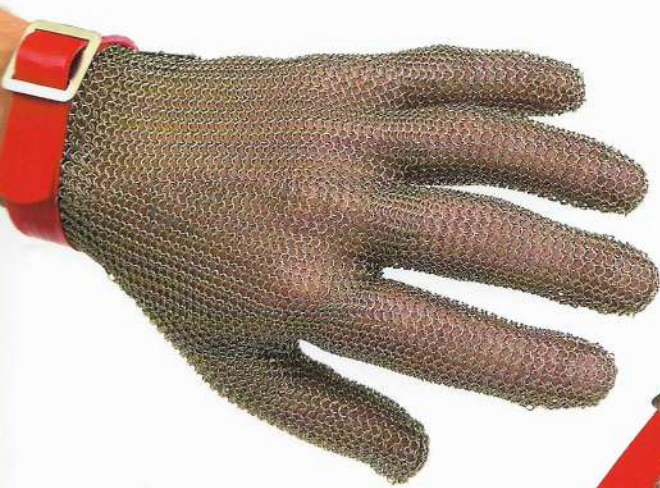

Adjustable strap to fit most face
